MOTIF

TIGER SAFARI, AMALTAS, LUDHIANA

Zoo in Ludhiana known as **Tiger Safari** is situated on GT Road (Ludhiana-Jalandhar Highway); it is 6 kms from the main city. Tiger Safari here is stretched out on 25 acres. It was established in 1993 and people can see black bucks, sambhars, rabbits and lots of peacocks in the safari. Majestic tigers roaming about in the dense jungle offer a thrilling experience.

Of course, the Tiger Safari is one place where the children love going. It is quite exciting for children to see the tigers bathing and roaming freely from the windows of the van. We all have seen the tigers in a zoo. But it was exciting to see the tigers sleeping under the bushes to protect themselves from the fierce sun. It is really enjoyable & thrilling to see the tigers bathing in the pool.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Ms. Seema Jain, Director of Census Operation, Punjab. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The publication of District Census Handbook (DCHB) has been a regular feature ever since 1951, the first Census after independence. It aims to provide village/town level statistics for use by the government departments, non-government agencies, academicians and scholars, alike.

At the 1961 Census, a beginning was made to include village level data also on availability of amenities such as educational, medical, postal and communicational, land use pattern etc. in the form of Village Directory. Likewise, for towns, information with regard to their physical, financial, socio-cultural aspects and infrastructure were also added at town level. Keeping in view the great utility of non-census data in the form of Village Directory and Town Directory, the same has remained to be an integral part of the DCHBs ever since 1961. Above all, the analytical part and inclusion of maps presenting data at village level has further enriched the scope and use of this publication. The analytical note describes historical, administrative, physio-graphic and demographic aspect of the district.

The present volume has two parts viz., Part A - Village and Town Directory and Part B – volume of the DCHB will now contain Village and Town wise Primary Census Abstract (PCA) alongwith Housing amenities data. Now, this time both Part-A and Part-B of DCHB are being published separately for each district.

This volume of Part-B is giving data for each village within the Community Development (CD) Block and each town in the district. In order to ensure greater authenticity of the data, an effort has been made to cross check the same with the information available from other sources. We do hope that the contents and coverage of this publication would be of great use to the user agencies.

The production of the DCHB has always remained to be a joint venture of the Central Government and the State Government. We greatly acknowledge and express our deep gratitude to the Government of Punjab for extending their complete cooperation in providing the requisite data in the form of Village Directory and Town Directory. The District Gazetteers and the Statistical Abstracts brought out by the State Government were of big help to us in the preparation of brief analytical note.

We owe our deepest gratitude to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India and for their directions and support from time to time in accomplishing this onerous task.

The great effort and hard work done by Shri K.S. Bhatnagar, Joint Director, Shri Bhagirath Singh, Deputy Director, Shri Rajender Prasad, Assistant Director, Shri C.K. Dutta, Assistant Director, and Smt. Renu Bhagat, S.I. Grade II are greatly acknowledged.

Last but not the least the publication of DCHB is a collective effort of the staff in the directorate and the services rendered by them (as per list) are acknowledged with thanks.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of district

It is presumed that this tract formed a portion of the Kingdom of Magadh at the time of Alexander's invasion and ruled by the Nanda kings. Chander Gupta Maurya overthrew the Nanda dynasty and extended his Empire to Afghanistan. Later, during the reign of the Kushan kings, the territory comprising the Ludhiana district was included in their empire, which at one stage included Uzbekistan and Tazakistan now in southern Russia. With the fall of the Guptas, Ludhiana formed a part of the Empire of Harsha, who built his capital at Thanesar. With the break-up of the Harsha's Empire, the tract of Ludhiana was ruled by the Tomar Rajput Kings of Delhi, the Chauhans, and the Pal Dynasty.

Towards the end of the 10th century, the Turks of Central Asia, who were new converts to Islam. They occupied the whole of Iran, Afghanistan and Turkistan. The Hindus were defeated at Ohind and later at Peshawar. All attempts of Anand Pal and his son failed to check the Turks from ingression into India. Their Generals occupied the Punjab, right up to Lahore. It was at this time that Basil Dev, grandfather of Prithvi Raj Chauhan, established a strong Rajput kingdom in the area of Ajmer and Delhi and Ludhiana tract formed a part of his kingdom. Ghazni dynasty was overthrown by another tribe headed by Mohd. Gauri, a Turko Afghan Chief, who dreamt of establishing Muslim Empire in northern India. Jai Chand, the Rajput king of Kannauj sent him an invitation to invade India and promised all help against his cousin and son-in-law, Prithvi Raj Chauhan. Mohammed Gauri defeated Prithvi Raj at Taroari in 1191 and established his rule over Delhi.

The later Muslim rule is so well known that it needs not to be recounted here. The name of Ludhiana find mention conspicuously when in 1421, a powerful Khokhar Chief, Jasrat, rose in revolt, occupied Ludhiana and made a strong bid for the Empire of Delhi. For some time, Ludhiana remained in possession of Jasrat Khokhar. Ludhiana was also the base of Jasrat Khokhar's attack on Sirhind. However, he had to abandon the town, when the imperial forces under Sultan Mubarak Shah Sayyad advanced towards Ludhiana. Malik Tughan and Jasrat had to retreat across the Satluj.

It was in the reign of Sikander Lodhi that the town of Ludhiana was founded. During his reign, the people in the tract of Ludhiana were oppressed by the plundering Biluchis. Sikander Lodhi sent two of his Generals, Yusaf Khan and Nihang Khan with an army to protect the people against the onslaught of the Biluchis. Yusaf crossed the Satluj to save the people of the Jalandhar Doab against the plundering by the Khokhars. He settled at Sultanpur. The other General, Nihang Khan, continued to reside at Mir Hota as the representative of the Sultan. He called the place, Lodhiana or the town of Lodhis. His grandson, Jalal Khan, built a fort at Ludhiana on the bank of the Satluj. At that time, the Satluj flowed just by the town of Ludhiana, at the place where the Buddha *nala* now exists. Sometimes later, Ludhiana was made a part of the

province of Delhi and the Sirhind Division, which was directly under the control of the Lodhi kings.

During the reign of Babar, Ludhiana and the country around it was a *mahal* (district) of the *sirkar* (division) of Sirhind in the *suba* (province) of Delhi. When Humayun, son of Babar was turned out of India, Ludhiana fell into the hands of Sher Shah Suri. After the death of Sher Shah, Sikander Shah Suri, who was the Governor of Punjab held Ludhiana. In 1555 Humayun defeated Sikander Shah Suri at Machhiwara, 25 miles from Ludhiana, leading to his reinstatement as the Emperor. During the reign of Akbar (1556-1605), People from other areas were brought and settled in the eastern parts of Ludhiana district. In the Ain-i-Akbari, Ludhiana has been mentioned as one of the *mahals* in the Sirhind *Sirkar* of the *Suba* of Delhi and this position continued during the reign of Jahangir and Shah Jahan.

Under the leadership of Guru Gobind Singh, a long drawn out struggle between the Sikhs of the cis-Satluj States and the Muslim Governors of Sirhind commenced. The district of Ludhiana with the adjoining country to the south, specially the forests near Machhiwara, were the places of the Guru's encounters with the enemy. Being defeated by Wazir Khan, the Governor of Sirhind in 1705, Guru Gobind Singh went to Deccan. From there he inspired Banda Bahadur, a Dogra from Jammu and Kashmir State, to continue the fight. Banda gathered some forces in Punjab and defeated and killed Wazir Khan, the Governor of Sirhind. He ran-sacked the town of Sirhind and over-ran the country between the Satluj and Yamuna. Farukhseer was the Emperor of Delhi at that time and he sent his army to curb the activities of Banda. In 1715, Banda was defeated at Gurdas Nangal and later executed. The Sikhs remained depressed and persecuted for some time, but rose again against the tottering Mughal Empire. The Chiefs of the Phoolkian tribe, after some struggle, established Kingdoms for themselves on the ruins of the Mughal Empire. Ala Singh, the founder of the Patiala house, was a contemporary of Rai Kahla of Raikot. Ala Singh ruled at Patiala while the tract of Ludhiana was under Rai Kahla, who had held the lease of a considerable tract of land from the Mughal Emperors. Rai Kahla asserted his independence. A part of Ludhiana was also under Raja Ala Singh of Patiala and a part under the Muslim Governor of Sirhind. In 1741, the Governor of Sirhind and Raja Ala Singh combined to defeat Rai Kahla and threw him out of his territory, though for a short period.

Nadar Shah Durrani invaded India in 1739. He crossed the Satluj at Ludhiana and marched through the District to Delhi along almost the same course as the present Grand Trunk Road. Ludhiana district saw another big fight in 1747 when Ahmad Shah Abdali invaded India for the first time. When he reached the Satluj, he found his passage blocked by the Mughal army. Ahmad Shah Abdali made a long detour up the right bank of the river Satluj and crossed it near Machhiwara or Behlolpur while the Mughal army was waiting for him near Ludhiana. A battle was fought between the contending armies near the villages of Manupur and Barwali, a few miles to the north-east of Khanna. Ahmed Shah Abdali was defeated.

Ahmed Shah Abdali, however, invaded Punjab many a time after that but to his subsequent invasions no resistance was offered by the imperial troops in Sirhind, though his armies were constantly harassed by the Phoolkian Chiefs and the Rais. The Phoolkian Chiefs held sway over Patiala, Jind, Nabha and Faridkot, etc., while the Rais ruled over Raikot and some other parts of Ludhiana district. The Rais were permitted by Ahmed Shah Abdali to take possession of the town and the fort of Ludhiana in about 1760. In 1761, Ahmed Shah Abdali invaded India for the fourth time to punish the Marhattas who had ousted his son, Timur and the Afghan Garrison from Lahore. Marhattas had come under the leadership of their Chief, Raghoba up to Lahore and after defeating the Afghans, had become supreme force in Punjab also. They appointed Adine Beg as their Viceroy at Lahore. When Ahmed Shah Abdali came in 1761, Adina Beg fled to the hills. Ahmed Shah Abdali fought a decisive battle with the Marhattas at Panipat and deated them. Zain Khan was appointed the Governor of Sirhind. In 1762 there was a formidable combination of Phoolkian Cheifs and other Sikh leaders assisted by Jassa Singh Ahluwalia and other Sikh leaders from the Majha tract against Zain Khan. Ahmed Shah Abdali, who was at Lahore heard of this and marching the Satluj in two days, crossed it at Ludhiana, and fell upon the allies. The Sikh army was cut into pieces and they were badly defeated near Barnala. This great disaster is known as *ghalu ghara* in the Sikh history. In 1763, however, the Sikhs again got together and rose against the Governor of Sirhind. The cis-Satluj Sikhs were aided this time fully by the Sikhs across the Satluj. Zain Khan was defeated and Sirhind fell into the hands of the Sikhs.

With the fall of Sirhind, finished the last vestige of the Mughal control over the division of Sirhind. The next year (1764), Ahmed Shah Abdali passed through the country and recognized Raja Ala Singh of Patiala as the Governor of Sirhind. In 1774, Ahmed Shah Abdali came to India for the last time, but did not proceed beyond Ludhiana. Amar Singh, grandson of Raja Ala Singh was confirmed as the Governor of Sirhind and given the title of Maharaja. The whole of this rich tract thus came to the phoolkian chiefs and their Majha allies; the Mughals had no control whatsoever over them. A part of the district was also in possession of the Rais of Raikot. Their northern boundary was the river Satluj and they also held sway over the town of Ludhiana. The low lands opposite their territory were held by Kakkar Sardars and Diwan Mohkam Chand. The whole of the present uplands of Jagraon and Ludhiana Tahsil, with considerable part of the Moga and Zira Tahsils of the Firozpur district, belonged to the Rais. The land now comprising Samrala tahsil was divided amongst the Sikh leaders. A famous leader of the Sikhs, Tara Singh Ghaiba established himself at Khanna, and Jassa Singh Ahluwiala of Kapurthala got about 30 to 40 villages near Isru.

Twelve years after the fall of Sirhind, in about 1775, the Satluj river changed its course and the whole of the *bet* tract, which is about 50 miles in length and 5 to 6 miles in width, came to this side of the river. The condition of the Ludhiana tract, during that period, was very good, people were prosperous and the rule of the Rias

was just and mild. It is said that they got only 1/4th of the produce land as land revenue from the people without any other tax. The peace of the area was however, disturbed by a Sikh Sardar, Bedi Sahib Singh of Una. In 1794, he crossed the Satluj with an army and proclaimed war against the Nawab of Malerkotla. He was, however, defeated by the Maharaja of Patiala, who was a friend of the Nawab. But he came again in 1798 and attacked the Rias of Raikot. The Rias sought the help of the Maharaja of Patiala and an English general, George Thomas, from Hansi and they all defeated the Bedi Chief.

In 1803, Delhi was captured by the East-India Company and this brought the British Government in contact with the Sikh chiefs of the cis-Satluj states. At that time Maharaja Ranjit Singh, the ruler of Lahore, was thinking of extending his dominion beyond the Satluj. A dispute was then brewing up among the Sikh rulers of Patiala, Nabha and Jind and this afforded an opportunity to Maharaja Ranjit Singh. In 1806, he crossed the Satluj. Ludhiana town was then in the hands of the Rais and was controlled by Bhag Bhari, the wife of the last Rai ruler, and by Nur-ul-Nisa, his mother. They offered no resistance to Ranjit Singh, who took possession of the town and fort of Ludhiana. He passed on this area to his nephew, Raja Bhag Singh of Jind. Ranjit Singh also took Naraingarh in Ambala district in 1807. In these expeditions, Ranjit Singh took possession of the entire territory of the Rais, except two or three villages which were given to them for maintenance. A part of the territory was given to the Raja of Jind and another part consisting of Jagraon Tahsil and Dakha Pargna was given to Sardar Fateh Singh Ahluwalia of Kapurthala. Bhai Lal Singh of Kaithal got 16 villages about Gujjarwal and the Nabha Chief got some area in Pakhowal. Diwan Mohkam Chand became the Governor of the portion of the country reserved by Ranjit Singh for himself.

By 1809, the British decided that the progress of Maharaja Ranjit Singh, on this side of the river Satluj, should be stemmed and that the Sikh Chiefs of the cis-Satluj States be taken under their protection. In 1809, a treaty was concluded between Maharaja Ranjit Singh and Mr. Matcalfe to the effect that Maharaja Ranjit Singh would not extend his territory beyond the river Satluj and that all the rulers of the cis-Satluj States would be considered to be under the protection of the British Government. The fort of the Ludhiana was occupied by the British army and Ludhiana town became a military outpost. A British resident was appointed at Ludhiana for the protection of the cis-Satluj chiefs. Maharaja Ranjit Singh had to set up his own fort at Phillaur as a frontier fort of his territory.

When Raja Sangat Singh of Jind died in 1835, the British Government acquired about 80 Villages around Ludhiana and Bassian and appointed an Assistant Political Agent to administer this territory with his headquarters at Ludhiana. Confusion and disorder followed when Ranjit Singh died in 1839. In 1845, the Khalsa army crossed the Satluj and thus started the First Sikh War. Ferozpur was the main point of their attack. The Sikh General Ranjodh Singh Majithia appeared with a force of 10,000

infantry at Phillaur and crossed the Satluj. Nihal Singh Ahluwalia of Kapurthala played a double game. His troops fought the British near Firozpur. A considerable body of these troops had joined Ranjodh Singh near Ludhiana, while Raja Nihal Singh professed friendship to the British Government. He said that he had no control over his army. Ranjodh Singh was able to subdue the garrison at Ludhiana. Sir Henry Smith was then sent from Firozpur with 4,000 men to go to the help of the Ludhiana garrison but near Baddowal, this force was attacked by the Sikhs. The British troops were defeated. Ranjodh Singh was joined by some regular troops of the army from Lahore and his strength increased to some 50,000 men. Another battle was fought at Aliwal and there the Sikhs were defeated by the British army led by Sir Henry Smith. The Sikh troops were either driven across the river or dispersed over the uplands or got drowned in the river. After a month, the final victory was won by the British over the Khalsa army at Subraon that ended the First Sikh War. The British Government annexed the territory of Lahore Government on this side of the Satluj. The possession of the Ahluwalia Chiefs on this side of the river was also forfeited by the British and the Nabha Raja lost about a quarter of his territory. The territory of the other minor Chiefs who had opposed the British Government was also confiscated. From these acquisitions was formed the district of Ludhiana in 1847. In the eventful 1857, the Ludhiana town was garrisoned by a small detachment of infantry who turned hostile, and were joined by the local population and mutineers from Jalandhar. But the ammunition in the fort proved useless and they left for Delhi. The local officers took strong action against the rebels. Many of them were hanged and others were heavily fined. All houses within 300 yards of the fort were leveled. The area was kept safe with the help of the levies of Nabha, Malerkotla and fresh recruits. The Kooka rising also deserves mention. They were suspected of political motives, and the British got an opportunity to suppress them, when in 1872 some 150 Kookas attacked Malerkotla. These Kookas were, however, over-powered with the help of the forces of the native rulers. Their leader, Satguru Ram Singh was deported to Rangoon where he remained a State prisoner till his death in 1885.

Thereafter, the district began to develop socially and economically. Some industries were set up at Ludhiana and the town became a centre of industry and commerce. The hosiery and textile industries were set up in the early years of the twentieth century. Khanna and Jagraon developed mainly as commercial centre. More and more people shifted their residence from the rural areas to the urban areas. At the time of partition in 1947, the Muslim inhabitants of the district crossed over to Pakistan and displaced persons from western Punjab started settling here in large numbers. As per the re-casted data of Census, Ludhiana M. Corp. had a population of 1,53,795 and this was less than one-half of Amritsar M. Corp. at 3,36,114. Ludhiana M.Corp. overtook Amritsar M.Corp. in 1981 when population of these two cities reached 6,07,052 and 5,94,844, respectively. As per Census 2011, Ludhiana M. Corp. has a population of 16,18,879 which is nearly one and a half times that of the Amritsar M.Corp. at 11,32,383.

Administrative Setup

The present Punjab is only one-seventh of what it was before Independence. The first event which reduced its size was the partition in 1947 when western part of its territory was transferred to Pakistan. It suffered another loss of territory in 1948 when Himachal Pradesh (the then a Class 'C' State and now a full-fledged State) was carved out of it. The year 1956 however, witnessed an addition of territory due to merger of PEPSU into Punjab. Again on November 1, 1966, the State got re-organized on linguistic basis and its area reduced considerably.

Situated in the north-west of India, Punjab spreads between 29° 33' N to 32° 31' N latitude and 73° 53' E to 76° 56' E longitude. It is flanked by Jammu & Kashmir to the north, Himachal Pradesh to the east, and Haryana and Rajasthan to the south. Roughly triangular in shape, Punjab covers an area of 50,362 sq. km. As per Census 2011, it has a population of 27.7 million. Among the States and Union territories, it ranks 20th in area and 15th in population.

At the time of 1971 Census, Punjab State was comprised of 11 districts. With the creation of Faridkot district after 1971 Census, the number of districts in the State increased to 12 in 1981 and the number of districts remained the same in 1991 Census as well. During 1991-2001 five new districts were created. These namely are; Nawanshahr, Fatehgarh Sahib, Moga, Muktsar and Mansa. After 2001 Census, three new districts namely, SAS Nagar (Mohali), Tarn Taran and Barnala were created. SAS Nagar district was created by taking out Kharar and SAS Nagar tehsils of Rupnagar district and Dera Bassi tehsil of Patiala district. Tarn Taran district was created out of Amritsar district and includes Tarn Taran, Patti and Khadur Sahib tehsils. Barnala district was created out of Sangrur district and is comprised of Barnala and Tapa tehsils. Administratively, the State is divided into four divisions namely, Jalandhar, Patiala, Firozpur and Faridkot. As per Census 2011, there are 20 districts comprised of 77 tehsils, 217 towns and 12,581 villages. Among the towns, 143 have statutory status. The remaining 74 are Census towns, created based on laid down demographic criteria and are non-statutory in status. Out of 12,581 villages, 413 are uninhabited i.e. with zero population. As such, there is a net increase of 3 districts, 5 tehsils and 60 towns (4 statutory and 56 census towns) in Census 2011 over that of 2001.

A complete detail of changes in territorial units during 2001-2011 is given in Appendix to Table A-1 in General Population Tables. Out of 20 districts in Punjab, seven districts which have not experienced any inter - district or intra -

district jurisdictional change during this decade are; Kapurthala, SBS Nagar, Ludhiana, Firozpur, Faridkot, Bathinda and Mansa. The remaining 13 districts have undergone jurisdictional change at inter/ intra district level.

Ludhiana district existed even prior to partition in 1947. Ludhiana (earlier Lodhiana) is called after Lodi dynasty which ruled over Delhi from 1451 A.D. to 1526 A.D. For the administrative purposes, Ludhiana is a part of Patiala Division. The district has not experienced any territorial change during this decade. It had seven tehsils in 2001 and the number of tehsils remains the same as per Census 2011. For the purposes of General and Revenue set up, the district is divided into seven tehsils namely, Samrala, Khanna, Payal, Ludhiana (East), Ludhiana (West), Raikot and Jagraon. All of them have Sub-divisional status. There are 12 Community Development Blocks viz., Doraha, Machhiwara, Samrala, Khanna, Dehlon, Ludhiana-I, Ludhiana-II, Pakhowal, Sidhwan Bet, Jagraon, Sudhar, and Raikot. Out of 20 towns, 11 towns namely, Machhiwara M.Cl., Samrala M.Cl., Khanna M.Cl., Payal M.Cl., Maloud N.P., Doraha M.Cl., Sahnewal N.P., Ludhiana M.Corp., Mullanpur Dakha N.P., Raikot M.Cl. and Jagraon M.Cl. have statutory status. The remaining 9 namely, Bhamian Kalan, Jodhan, Gill, Tharike, Bhattian, Partap Singhwala, Baddowal, Halwara and Akalgarh are Census towns, non-statutory in status. Ludhiana M. Corp is one of the million + cities of India. As per Census 2011, it has a population of 16,18,879. The administrative machinery of the district consists of hierarchy of officers headed by the Deputy Commissioner (also the District Magistrate) as head of the administration of the district and the revenue administration in the district.

The Statutory towns are notified by the State Government. Section 4 of the Punjab Municipal Act, 1911 lays down the specifications of local areas to be smaller urban areas or transitional areas and constitution of Municipal Council and Nagar Panchayat. Under this section, the State Government may, having regard to population of area, the density of population therein, the revenue generated for local administration, the percentage of employment in non-agricultural activities, the economic importance or such other factors, as it may deem fit, specify by notification in the official gazette any area to be transitional area or a smaller urban area for the purpose of this Act. Further, under Section 4 (ii) where an area is specified as a transactional area or as a smaller urban area under sub section (i), the State Government may, by notification in the official gazette, constituted for the transactional area so specified a Nagar Panchayat and for the smaller urban area so specified a Municipal Council of the Ist Class, IInd Class or IIIrd Class.

The different categories of urban bodies constituted by Punjab government under the provisions of Punjab Municipal Act are as follows:

Sl. No.	Class of Urban Local Bodies	Population	Income (in Rs.)
1	Municipal Corporation	3 lac or above	2 Crore or above
2	Municipal Council Class I	50,000 to 3 lac	50 lac to 2 Crore
3	Municipal Council Class II	10,000 to 50,000	15 lac to 50 lac
4	Municipal Council Class III	Up to 10,000	Up to 15 lac
5	Nagar Panchayat	5,000 or above	More than Rs. 150 per head

The following statement indicates the jurisdictional changes which have taken place in Ludhiana district after the 2001 Census:

Jurisdictional Changes during 2001-2011

Name of District/ Tahsil	No. of villages		No. of Towns		Changes since 2001 & Govt. Notification No.
1	2001	2011	2001	2011	6
Ludhiana	915	907	12	20	
Samrala	200	200	2	2	
Khanna	72	72	1	1	
Payal	111	111	3	3	
Ludhiana (East)	185	184	2	3	1 village treated as Census Town
Ludhiana (West)	133	127	1	7	6 villages treated as Census Town
Raikot	75	74	2	3	1 village treated as Census Town
Jagraon	139	139	1	1	

DISTRICT HIGHLIGHTS - CENSUS 2011

- Ludhiana district ranks 3rd in area and 1st in population in the State.
- Ludhiana (East) is the most populous and Raikot is the least populated tahsil.
- The average population size of a village in the district (1,615) is higher than that of the State (1,425).
- Dhandra (14,972) is the largest village of the district followed by Jagirpur (11,731) and Kaunke (11,081).
- There are 32 large size villages (5,000 or above) in the district.
- The decadal population growth rate in the district (15.4%) is higher than that of the State average (13.9%).
- Ludhiana district is highly urbanised as 59.2 percent of its population is in urban while that of State it is 37.5%.
- The sex ratio in the district (873) is much lower than that of the State (895). It ranks 18th among the districts in the State.
- The child sex ratio in the district (860) is higher than that of the State (846). It ranks 7th among the districts in the State.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country

except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing& Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing& Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General,

India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract - District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes - District/C.D. Block/Town.
4. Village Primary Census Abstract - C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.
